Press Rebuild Kits

Gin Dor-Les®

E.E. Dor-Les®

Premier™ Dor-Les®

Lift-Box Dor-Les® (Standard)

Lift-Box Dor-Les® (High-Capacity)

Do you need to consider a Press Rebuild Kit?

Rebuilding your press during the offseason is a wise investment to avoid potential (and catastrophic) downtime during the gin season.

Kits are available for Lummus Gin Dor-Les®, E.E. Dor-Les®, Premier™ Dor-Les® and Lift-Box Dor-Les® (Standard or High-Capacity) presses.

The basic Press Rebuild Kit components for each model of press are shown in the tables below.

Additional press heavy fabrication items (top and bottom sills, press boxes, etc.) can also be supplied, as needed (delivery will vary).

Details and Requirements

- It is essential to know the original manufacture date for your press, especially if the press was furnished new to another customer.
- Priority Service through Lummus Technical Services will be on a first-come/first-served basis, based on Customer order date.
- Ordering early allows material scheduling, while taking advantage of beating any potential raw material price increases.
- For quotes and additional details contact your local Lummus Parts and Service representatives at **1-800-4LUMMUS** (1-800-458-6687).

Premier™ Dor-Les® Press - Parts List

Quantity	Part No.	Description
